Westlaw New Zealand

Spotlight on Environment & Resources

Course Description

Make a speedy start in Westlaw NZ – gain an understanding of the depth of new content and functions, learn how to locate commentaries, legislation, and cases, create favourites, and utilise New Westlaw's new and improved Environment search features.

This session outlines efficient research techniques to find Environment and Resources content available in Westlaw NZ. Confidently locate relevant legislation, commentaries, and case law, as well as other related secondary sources. Research strategies include natural language, structuring searches, understanding linking between documents, and how to refine results.

In this session you will learn how to:

- Navigate the home page and understand the depth of accessible content for Environment and Resources.

- Locate a document, commentary publication or case using the global search bar.

- Understand the various available search options.

- Be able to print, download or save documents to folders.

Session Duration

60 minutes (1.0 CPD credit).

Session Delivery Method

Online via Microsoft Teams. **Note:** The Webinar session allows participants to view the trainer's computer screen. At no time does the trainer access your computer.
